1. DRIVER QUALIFICATIONS

Doug Rose, Chief Licence Inspector, advised the Committee that, as the result of a complaint, it had been discovered that a number of taxi drivers had been issued taxi licences without meeting the requirements of the By-law. These included 16 drivers who had been issued taxi driver licences while only holding Class G2 Provincial Driving Licences.

Mr. Rose stated that two options were open to the Committee:

- (a) Show Cause Hearings be held to revoke the licences, or
- (b) Show Cause Hearings be held to suspend or give the applicant an opportunity to obtain the proper licence.

Concerns were expressed with regard to taking away the drivers' livelihood at a busy time of the year, and also with regard to possible liability.

At this point the Committee retired in camera to receive a Confidential Legal Opinion from Mr. Ron Sabo of the Law Office.

Resuming in open session, the Committee approved the following:

That a notice be sent to the applicable drivers that by 1999 January 30, they must provide proof that appropriate steps have been taken to upgrade their Provincial Driving Licences (a letter of explanation from the Province will be accepted), failing which, a Show Cause Hearing will be held to determine whether the taxi driver licence should be suspended or revoked.

2. OTHER BUSINESS

(a) Taxi Industry Report

In response to a question from Alderman Kelly, Peter Lampman stated that the report on the taxi industry which had previously been requested by a delegation of taxi drivers, was in the process of being prepared and would be forwarded to the Finance and Administration Committee when available.

(b) 1999 Meeting Dates

The Committee agreed that Licensing Committee Meetings are to be scheduled for months of January and February and thereafter every second month for the remainder of 1999.

3. ADJOURNMENT

There being no further business the meeting then adjourned.

CITY OF HAMILTON

RECOMMENDATION

DATE: 1999 February 3

REPORT TO: Stella Glover, Secretary
City of Hamilton Licensing Committee

FROM: Lee Ann Coveyduck, General Manager
Community Planning & Development Division  for L.A.C.

SUBJECT: Garage A (Used Car Sales) Licence Application, Carole Holloway,
1030 King St. East (99.2.4.2.1.A, 99.6.2)

RECOMMENDATION:

That a "Conditional" Garage A Licence be issued to Carole Holloway, 1030 King St. East, Hamilton, Ontario.

FINANCIAL/STAFFING/LEGAL IMPLICATIONS: N/A

BACKGROUND:

On 1999 January 19, Carole Holloway applied for a Garage A Licence (Used Car Sales). This is a transfer application. Part of the application processing requirements includes obtaining a Zoning Verification Certificate, which is attached for your information. You will note that a 3.0m planting strip is required along with a visual barrier, as this garage abuts a residential district. The Public Works and Traffic Section have indicated they have no concerns regarding issuance of this licence.

Before this licence can be issued, the planting strip and visual barrier is required to be completed. It should be noted, however, that due to the winter season it is not practical to plant trees or dig holes for fence posts, nor can concrete (required for fence posts) cure properly at this time of the year.

I note that you have received a letter from Mr. D. Leger who is the owner of the property in question and who is acting on behalf of his tenant the licence applicant. This letter advises that he will do the work and would complete it no later than 1999 May 30. He also requests that the licence be issued to the applicant on a "Conditional" basis until such time as the work is completed. The applicant is prepared to accept the licence with this condition although the letter requesting this is not entirely clear on the matter.

The Licence By-law Section 12. (1) (c) provides for the Committee to "approve the licence upon conditions specified where required by a policy under section 15, where (a) and (b) do not apply or (d) approve the licence where (a), (b) or (c) do not apply, or where Council has approved issuance of the licence". It is our opinion that the request for approval of a conditional licence to be issued until 1999 May 30 is reasonable given the above circumstances.

Once the requirements under the zoning by-law are completed, the applicant would then be issued the usual licence without conditions.

SUBJECT: Annual Report on Inspections of Second Level Lodging
Homes

RECOMMENDATION:

- (a) That the attached list of Licensed Second Level Lodging Homes have their licenses approved for renewal for 1999.

FINANCIAL/STAFFING/LEGAL/IMPLICATIONS:

N/A

BACKGROUND;

At its meeting of January 14, 1998 the Licence Committee requested that the Licence Division of the Building Department, in conjunction with the Regional Public Health Department, specifically the Nursing Services and the Environmental Health Branch, submit yearly reports to the committee.

In addition, Section 45(2) of the Second Level Lodging Home By-law requires that the Chief Fire Prevention Officer file a report with the committee on the inspections made during the past year. (see attached).

The Licence Division conducts two yearly inspections of each of the 80 licensed Second Level Lodging Homes. In addition to the yearly inspections, the Division also responds to complaints in conjunction with the other regulatory departments. Currently all homes are in compliance with the by-law requirements. Operators that were identified with requirements, complied in a timely fashion.

Attached is the combined report of the Nursing Services and the Environmental Health Branch of the Regional Public Health Department recommending renewal of all Second Level Lodging Home Licenses.

MEMORANDUM

TO: Mr. J. J. Schatz
Municipal Clerk
City Hall

YOUR FILE:

FROM: Mr. J. R. Winn
Chief Fire Prevention Officer
Hamilton Fire Department

OUR FILE:
PHONE: (905) 546-3350

SUBJECT: Annual Report on Inspections of
Second Level Lodging Houses for 1998

DATE: 1999 January 11

As required by Section 45(2) of the Second Level Lodging House By-law, please find attached a list of all Second Level Lodging Houses inspected by our department during the 1998 calendar year.

Our department's inspection policy concerning Second Level Lodging Houses is as follows:

- a) a complete fire safety inspection utilizing the applicable requirements contained in the Ontario Fire Code is made upon receipt of a Second Level Lodging House Licence Application
- b) upon receipt of a complaint from a concerned party, a municipal/regional regulatory department or inter-departmentally, an inspection is made relative to the specific complaint(s) and the appropriate corrections are ordered
- c) once yearly, a general fire inspection is conducted of each licenced second level lodging house as set out in the Second Level Lodging House By-law, Section 45(1) using all applicable legislation

In the majority of cases, premises that were identified with requirements, complied in a timely fashion -- our department obtains excellent compliance from most Lodging House operators. Requirements not complied with are dealt with in a short time frame through notification to the Licencing Department and/or court action.

If you have any questions or concerns with regard to the details of this report, please contact me.
